**SUMMARY:**

We are drafting a Chambers County Summary Sheet for our county and all the places we have touched down. As Community Liaisons we actively engaged the County Emergency Operations Center, Disaster Response Center, and over 69 contacts in Chambers County at social and public entities to apprise them of potential support to deal with environmental problems in recovery in response to Hurricane Harvey. We also visited over 40 religious and social organizations and over 17 public organizations (e.g. county commissioners, school administrators, fire stations, medical facilities).

**Anahuac, Texas (Chambers County)**

Contacted Anahuac, Texas City Council (5 members and the mayor) via email and shared the EPA CL fliers with them. We summarized our visit to Chambers County and thanked them for their hospitality.

## Galveston, County Texas

John Reyna and Amy Shields will be leading up to 4 teams next week to cover Galveston County. We are separating the county into 4 segments and developing contact and visit rosters for each team which will include churches, county offices, DRCs, and other locations. There will be over 80 spots the teams will visit on Monday and Tuesday. Charlie teams will be assisting the Bravo team.

John Reyna and Amy Shields are also in transit to Galveston, Texas where we will be attending the Galveston Cares event. We spoke to the Deputy Emergency manager and she told us we were welcome to attend that event and hand out information. <http://www.galveston.com/cares/>
